

Uncertainty, Networks and Statistical Modelling

Göran Kauermann

(Chair of Applied Statistics in Social Sciences, Economics and Business,
Department of Statistics, LMU Munich)

01.06.2022, 16.00 (c.t.)

Department of Statistics, Ludwigstr. 33, Room 144
and online via Zoom
(Meeting-ID: 913-2473-4411; Password: StatsCol22)

The talk gives an overview of current research strands tackled in our group. This includes statistical analysis of network data, quantification of uncertainty in machine learning and applied statistical modelling.
